THEY TELL US THAT---

Mrs. Dr. Balmer of Brandenburg's China Studio is suffering from a broken ankle, received in a recent fall. The injury proved a rather severe one and she is slowly recovering at the home of her mother, Mrs. Brandenburg.

Now is the best time to have your little girl's hair bobbed. The Misses Neben, Suite 202-3 White Block, 79th and Halsted Sts., will do it to your satisfaction.

A recital was given by Dan Beddoe, tenor, at the Emerald Ave. Baptist Church, Thursday evening, Oct. 5, 1916.

Here is good news! Meat prices have taken a slump and Kraber's Market at 7810 S. Halsted St. is offering their usual high grade meats at the lowest prices quoted in the last six months.

Mr. and Mrs. George Wood and little daughter of 7805 Winneconna Ave. have returned from Buchanan, Mich., where they have been visiting relatives.

MISSION AT ST. LEO'S.

The Victorian Missionary Fathers, Rev. F. X. Hazen and Rev. F. J. Moysant, are giving a mission at St. Leo's Church, Emerald Ave. and 78th St., from Oct. 1st to 15th. The object of a mission is to offer extraordinary opportunities for hearing the Word of God. There will be mass and a sermon every morning at 5 and 8 o'clock, and a sermon in the evening at 8 o'clock. This week is especially for men, but women are invited. Last week was especially for the women, probably the best attended in the city. It was estimated that 1,800 women attended.

Non-Catholics are cordially invited to attend. Questions will be answered and any difficulties explained.

Jap Educator Here To Study Schools

JACOB M. DICKINSON, Receiver
THE CHICAGO, ROCK ISLAND & PACIFIC RAILWAY COMPANY
Passenger Traffic Department

Chicago, September 27, 1916

TO SUBURBAN PATRONS:

For many years fares in the Chicago suburban district of the Rock Island Lines have been on a lower basis generally than suburban fares throughout the United States. Carefully compiled statistics show that this traffic has yielded a return of less than one per cent on the capital invested. It requires no argument to prove that this is an inadequate return. It is self-evident that a carrier must secure sufficient return from the sale of transportation to cover costs and a margin of profit large enough to attract new capital for extensions and improvements, in order to render service commensurate with the needs of the public.

Since existing rates were established millions of dollars have been expended in improvements and betterments directly affecting suburban territory. These investments, together with the largely increased cost of everything entering into passenger train operation, have created fixed charges which must be met by increased revenue.

In view of these conditions it is now proposed, effective November first, to adjust our suburban fares on a slightly higher basis. Tariff covering these changes has been filed with the Illinois Public Utilities Commission and is now in the hands of our agents for your inspection. It will be noted that the basis for the new one-way and round-trip single ride tickets is two cents per mile to correspond to fares between all other stations in Illinois. In revision of this tariff due consideration has been given to the bases used by other carriers in Illinois, and comparison is invited with suburban charges of other lines in the United States.

Rev. Mr. Griffin of the Baptist Church is recovering from a recent operation on his tonsils, and is gradually recovering his voice.

It is noticeable all through the Park that residents are raising their outdoor plants and potting them, to enjoy indoors this winter.

Print-Paper Harder To Get

Canadian Publishers Find Only Short Contracts Can Be Made.

Toronto, Ont., Oct. 7.—The situation that has arisen in connection with the cost of white paper was discussed by the Canadian Press Association at a special meeting here yesterday. It was disclosed that in recent months few publishers had been able to get contracts from any paper mill to extend after Dec. 31. Formerly the mills sold their output on contracts for two, three and five years.

Canadian consumption of news print paper probably is about one-sixth of the total production in Canada; the rest is exported to the United States. Paper makers, it was said, argued that their costs of production were increasing, although testimony was adduced to the effect that in some sections of the pulp country farmers were having difficulty in disposing of their pulp wood, even at as good prices as prevailed a few years ago.

Raise Prices of Florida Papers.

Jacksonville, Fla., Oct. 7.—The Florida State Press Association, at a meeting yesterday to consider means of meeting the increased cost of print paper, voted to increase the price of weekly papers to $2 a year and to increase advertising rates on all papers. —Chicago Daily News.
